

Follow the below process to connect your Lightspeed POS/Retail (R-Series) instance to Ascent360.

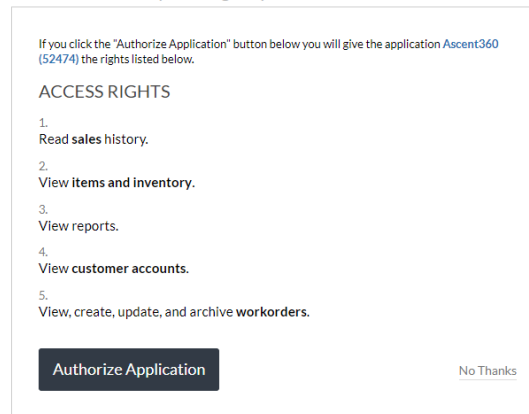

- [Click Here](#) or copy the following link to authorize access to your Lightspeed Retail account.
 - https://us.lightspeedapp.com/oauth/authorize.php?response_type=code&client_id=Ascent360&scope=employee:register_read+employee:inventory_read+employee:reports+employee:customers_read+
2. After opening the above link, enter your Lightspeed credentials to login.

The image shows the Lightspeed Retail login interface. At the top, it says "Lightspeed Retail". Below that is the Lightspeed logo. There are two input fields: "Email or Username" and "Password". The "Password" field has a "Forgot password?" link next to it. Below the fields is a green "Sign In" button. Underneath the button is an "or" separator, followed by a "Sign in with Google" button. At the bottom of the login area, there is a link for "System updates and alerts". At the very bottom of the page, there are two links: "Questions? Visit Help" and "Need an account? Sign Up".

3. After logging in, grant Ascent360 access to your Lightspeed Retail Account by clicking **Authorize Application**.

Allow access to your Lightspeed Retail Account

The image shows an authorization screen titled "Allow access to your Lightspeed Retail Account". It contains a paragraph stating: "If you click the 'Authorize Application' button below you will give the application Ascent360 (52474) the rights listed below." Below this is a section titled "ACCESS RIGHTS" with a numbered list of five permissions: 1. Read sales history, 2. View items and inventory, 3. View reports, 4. View customer accounts, and 5. View, create, update, and archive workorders. At the bottom of the list is a dark grey button labeled "Authorize Application". To the right of this button is a link that says "No Thanks".

Logged in as at Ascent360. [Logout](#)

4. After authorization, you will be automatically redirected to the Ascent360 Login Page. Here, you will need to login with an existing Ascent360 account (if you have one) or create a new account. Please do not use Lightspeed login credentials on this page.

Once you connect (Create account or Login) then you will be redirected to a **Thank You** page.

What data will it use and how?

Ascent360 will receive read-only access and it will not be modifying any data in your Lightspeed Retail account. We leverage the Lightspeed API to collect data from following endpoints on a nightly basis:

- Customers
- Shop
- Sales
- SaleLine
- Item
- Category
- ItemAttributeSet
- CustomerType
- WorkOrder
